Application Helpful Hints and Tips!

Amazon is seeking bright, motivated, hardworking individuals for Fulfillment Associate opportunities. The ideal candidate possesses a strong work ethic, great attention to detail, meets deadlines, makes safety a priority and is committed to providing great customer service.

Amazon is only accepting applications online:

www.WorkAtAmazonFulfillment.com

In order to help you with the online application process, it's recommended to read through the tips listed below and gather all information you will need in order to complete your application.

- **Email.** You will need a personal email address that you can check often. If you don't have an email address, please create one prior to starting your application. ***ALL communication regarding the next steps in the applicant process will be sent through the email you provide at the time of completing your application.***

    Make note of your email address here:_____

- Set aside approximately an hour to complete the application and skills assessment. If you're unable to finish your application in one session, you may save your progress and come back.

- Internet Explorer 8 or Firefox are the best web browsers to use to complete your application.

- Prior to completing your application, you will be prompted to create a username and password. You'll need it later, so make it memorable, if in doubt, write it down.

    Username:_____   **Password:** _____

- If you have any technical difficulty completing your application try logging out and logging back into your application. You can also check the status of your application by logging in using your username and password, and then select the 'My JobPage' tab. From your Draft Submissions, select the option to 'Finish Draft Submission.' You will be taken to the last page of the application that you have completed.
